

TALCOTT MOUNTAIN SCIENCE CENTER & ACADEMY

Homeschool Program

Topic	Geology
Instructor	Mrs. Roberts
Date	10/3/24

Here's some information about the activities your student did with us. Links at the bottom will help you explore further. Thanks!

What did we do?

We discussed the rock cycle and the three main categories of rocks.

How did we do it?

In the morning, we learned the rock cycle between igneous, sedimentary, and metamorphic rocks, and looked at some samples of each category. After snack, we practiced identifying different rocks from all 3 categories. In the afternoon, we went rock hunting and collected several different kinds of rocks on campus.

Where can we find out more?
