TALCOTT MOUNTAIN
SCIENCE CENTER & ACADEMY

The mission of Talcott Mountain Science Center & Academy is *inspiring today's children to invent tomorrow.* TMSCA is seeking an enthusiastic, driven, and inspirational Computer Science/Technology Instructor & IT Specialist.

The Computer Science/Technology Instructor & IT Specialist is a member of the Talcott Mountain Science Center & Academy teaching faculty, providing direct K-8 (with future opportunities to include secondary programming) instruction in the fields of robotics, coding, and all other aspects of computer science. As the IT specialist, this role oversees all aspects of the Organization's information technology infrastructure and operations, including providing support and troubleshooting for student and staff hardware and software, and coordinating with third-party technology services.

The successful candidate will possess experience in both classroom/group instruction at the elementary and/or secondary level, as well as with IT management. Organized and attentive to details, the successful candidate will demonstrate firm commitment to the organization's mission, enjoy working with advanced and curious learners, and strive for ongoing professional growth. The successful candidate must possess a valid driver's license, have access to reliable transportation, and successfully complete a fingerprint-based background check.

Talcott Mountain Science Center & Academy is an equal opportunity employer and encourages applicants from underrepresented groups, welcoming faculty and staff from all backgrounds and perspectives. We do not permit and will not tolerate discrimination in employment opportunities or practices on the basis of race, color, sex, religion, age, national origin, disability, veteran status, sexual orientation, gender identity or expression, marital status, ancestry or citizenship status, genetic information, pregnancy status, or any other characteristic protected by the law.

Talcott Mountain Science Center & Academy's campus is located in Avon, CT with beautiful mountaintop views of the surrounding area. The annual salary for this role is $40,000-$45,000, commensurate with qualifications and experience. Benefits, including medical and dental insurance, are available. The complete position description may be viewed [here](). Interested and qualified candidates are encouraged to submit via email a single PDF document containing a targeted cover letter and resume to careers@tmsc.org; cover letters should directly address experiences in both computer science/technology instruction, as well as IT management/coordination. No phone calls please.

Job Type: Full-Time (Academic Year); Part-Time (Summer); Exempt
